Subject: Date/location? PFOA/PFOS regional states/EPA meeting - feedback please!

Hi All:

Before booking, I wanted to double check the date/location with you – please send your feedback:

Quinsigamond Community College is located in Worcester, MA (directions: <http://www.qcc.edu/main-campus-worcester> ) - **only has availability for Monday May 23<sup>rd</sup> – is that OK?**

A potential alternative is the Holiday Inn in Boxboro, MA (on I-495 about 15 minutes south of the Westford Regency – and about 25 minutes further east from Worcester) – which does have availability for Tuesday May 24<sup>th</sup> or Wednesday May 25<sup>th</sup>

Please let me know if Monday May 23<sup>rd</sup> in Worcester, MA is OK or not – thanks!

Jennifer

**Subject:** Draft agenda: PFOA/PFOS - regional states/EPA meeting - feedback please!

To: NEWMOA Waste Site Cleanup Training and Steering Committees and Brownfields Workgroups

Attached is my start at a potential agenda - the morning on the chemical properties and regulations, and the afternoon on site work issues. Not enough time for any of the slots but we will have to make do as I don't think we can cut anything? Your feedback would be appreciated.

As you know, I've been working with Brown University's Superfund Research Program – their new state agency liaison, Dr. Jennifer Guelfo got her PhD studying PFAS fate and transport and has helped with the agenda/presenters. If one or both URI professors can't attend, then I'm sure we can get EPA Region 1 staff to cover those topics. Please suggest alternative presenters and/or who can speak to the NH, NY, and VT experience.

It looks like the earliest we can have the meeting is the week on May 23<sup>rd</sup> – any dates that do not work that week? Again the location will be in central Mass, most likely Marlboro.

Jennifer
